

REI SYSTEMS' HIRING PROCESS

1 Explore REI Systems and current opportunities for us to work together.

2 Once you find the opening where you can make an impact:

- apply online to a specific opportunity OR
- email your area of interest and resume to recruitingteam@reisystems.com

3 Your application will be evaluated on 3 dimensions: passion, learning agility, and relevance. Based on match, we'll reach out to learn more about you.

4 We'll get to know you (and you'll get to know us) through a series of interviews. These can include an initial conversation, a phone interview, and in-person interviews. If we see a fit, you'll receive an offer letter from REI Systems!

5 Your two-day onboarding is about setting you up for success. You will be welcomed by enthusiastic teammates who will share our story and introduce you to the opportunities and values that make REI Systems a Best Place to Work. *Ready to join?*
