

HEALTH

MODERNIZATION

CLIENT

→ HEALTH AND HUMAN SERVICES (HHS)

MISSION IMPACT

- Provides development, modernization, and enhancement support for HRSA's mission critical grants and performance management platform, Electronic Handbook (EHB).
- Developed a data analytics platform to support data-driven decision making that won the ACT-IAC 2018 innovation award.
- Improves access to health care for people who are uninsured, isolated, or medically vulnerable.

CHALLENGE

- Harnessing data to improve the health and well-being of individuals.
- Fast response time.
- Core system modernization and transformation.
- More user-friendly and easy to access information.

SOLUTION

- Grant Management
- Architectural Design
- Application Modernization
- Analytics
- Automation and More

TRANSFORMATION → 50% time reduction

- Reduced response time for access to benefits for trafficking victims by over 50%.

→ 90+ HHS Programs

- Support 90+ HHS programs that help render service to 28+ million citizens.

→ Cost Effective Solutions

- Provides cost effective development and IT management option.

REI Supports U.S. Health and Human Services

REI Systems is directly supporting two of the 2019 Top Management & Performance Challenges Facing HHS with the modernization process and technology initiatives.

The U.S. Department of Health and Human Services' (HHS) mission is to enhance and protect the health and well-being of all Americans. This mission cannot be effectively achieved without modernizing their IT systems and environment. REI Systems has worked to improve Americans' health for more than 20 years, providing technology and advice to agencies, including multiple divisions within HHS. REI Systems is directly supporting two of the 2019 Top Management & Performance Challenges Facing HHS with the modernization process and technology initiatives.

HHS Challenge

Harnessing Data to Improve Health and Well-Being of Individuals

Health Resources and Services Administration (HRSA)

- Provides development, modernization, and enhancement support for HRSA's mission critical grants and performance management platform, Electronic Handbook (EHB)
- Developed a data analytics platform to support data-driven decision making that won the ACT-IAC 2018 innovation award
- Supports the simplification of access

to healthcare services for people who are uninsured, isolated, or medically vulnerable

REI Solutions

- Grant Management
- Architectural Design
- Application Modernization
- Analytics

FDA, Foreign Inspection Planning and Scheduling System (FIPSS)

- Developed a mission critical system leveraging complex algorithms and streamlined business processes to automate foreign inspection planning and scheduling

Support 90+ HHS programs that help render service to 28+ million citizens

- Leveraged FDA OIMT shared solutions in an end-to-end DevOps pipeline for containers
- Provides operational efficiency, inspection effectiveness, and reduces costs for thousands of inspections each year

REI Solutions

- Automation
- DevOps
- Containerization-as-a-Service (CaaS)
- Integration
- FDA Inspections and Regulations
- CI/CD

Working Across Government to Provide Better Service to HHS Beneficiaries

The Administration for Children and Families (ACF)

- Developed a customized case management system for Office on Trafficking in Persons to ensure victims of all forms of human trafficking have access to the services they need
- Designed a flexible user-centric solution for rapid deployments using an Agile delivery model
- Reduced response time for access to benefits for trafficking victims by over 50%

REI Solutions

- Web Portal Development
- Analytics
- UI Automation

- Case Management
- CI/CD

Government Owned Shared Service Platform

- Established a government-owned shared service platform that is used across three HHS optics to provide grants, performance, case and inspection management systems
- Support 90+ HHS programs that help render service to 28+ million citizens
- Applied user-centered design practices
- Provides cost effective development and IT management option

REI Solutions

- CI/CD
- Technology Business Management (TBM)
- Modern Data Analytics Platform (MDAP)
- Automation
- Modernize Performance Reporting
- Cloud
