Benefits of Alliant 2

GSA's Alliant 2 GWAC is a multiple-award, indefinite delivery, indefinite-quantity (IDIQ) Governmentwide Acquisition Contract (GWAC) offering comprehensive and flexible IT solutions worldwide

- Alliant 2 is the most COMPREHENSIVE and FLEXIBLE IT contract in the federal IT marketplace
 - All contract types: Fixed Price (all types), Cost Reimbursement (all types), Labor Hour, Time and Materials, Hybrid
 - 31 Standard IT Service Labor Categories
 - Alliant 2 features Non-Standard IT Service LCATs and Ancillary Service Labor categories are permissible
 - Small business subcontracting credit is now available at the task order level
- Alliant 2 has been designated as a Best-in-Class vehicle by OMB
 - OMB has strongly encouraged agencies to utilize Best-in-Class vehicles
 - Federal agencies are being evaluated on their Category Management Adherence so they are highly motivated to utilize Best-in-Class vehicles

Alliant 2 provides best-value information Technology (IT) solutions to federal agencies, while strengthening opportunities in federal contracting for small businesses

- Alliant 2 provides access to Leading Edge Technologies
 - Offers Artificial Intelligence (AI), Distributed Ledger Technology (DLT), Robotic Process Automation (RPA), and other types of emerging technologies
 - Aligned with Federal Enterprise Architecture (FEA) and Department of Defense Enterprise Architecture (DoDEA) to enable contract to implement emerging and innovative technologies
- GSA offers free scope reviews for Alliant 2
 - Agencies will get a response within 72 hours
- Alliant 2 scope aligns with both FEA and DODEA
 - Automatic alignment with OMB directives for IT investments
- Alliant 2 has a large ceiling and a long period of performance
 - This allows for a total solution for large complex IT requirements, including those aspects of the IT solution that aren't IT in and of themselves, but are integral and necessary to the solution

REI Systems Alliant 2 Contract

As one of the smallest, most Agile companies among Alliant 2 awardees, REI provides limitless possibilities for addressing large-scale problems efficiently
